Key International Organizations

Natural Stone Institute (formerly Marble Institute of America): the North-American authority, publisher of the Dimension Stone Design Manual.

European stone industry federations (Euroroc members): drive the implementation of EN standards in the stone sector.

China Stone Material Association: domestic standards, statistics and industry self-regulation.

Must-Visit Fair Calendar

Marmomac (Verona, every September): the world's No.1 stone and technology fair.

Xiamen Stone Fair (Xiamen, every March): Asia's largest stone fair.

Coverings (USA, every April): North America's largest tile and stone fair.

Slab and block viewing: Carrara quarry lots and the Shuitou block market.

Tips for Exhibiting and Visiting

Bring a project list: quantities, formats and finish requirements written down in advance double your on-site efficiency; watch the machinery zone for new processes (digital tooling, AI grading).
