
Chinese National Standards Quick Reference (GB/T)

STANDARDS QUICK REFERENCE · HSST KNOWLEDGE LIBRARY

Published by: Hengsheng Marble S&T; Co., Limited

Version: V1.0 · 2026

Intended readers: mainland China projects

Contents

1. Product Standards
2. Mandatory Safety Standard
3. Grading of Key Physical Properties

Product Standards

GB/T 19766 — Natural marble building slabs • GB/T 18601 — Natural granite building slabs • GB/T 18600 — Natural slate

Mandatory Safety Standard

GB 6566 — Limits of radionuclides in building materials: Class A ($I_{Ra} \leq 1.0$, $I_{\gamma} \leq 1.3$) unrestricted use; Class B / C use-restricted.

Grading of Key Physical Properties

Mirror gloss, dimensional tolerances (length / width / thickness, flatness, squareness), appearance defects (edge chips, cracks, stains) and physical indices (absorption, compression, bending) are graded premium / first / qualified.
